

LIGHTHOUSE BAPTIST CHURCH

"Helping to keep homes and lives from becoming shipwrecked."

Dear Mr. Schaap,

I had prepared a lengthy response to your letter dated 7/16/09. After looking at your letter again and realizing that you really don't care about anything I say, I decided not to send it to you. You didn't care about my letter enough to answer the questions concerning you questioning Dr. Hyles integrity or trying to hurt his family and your childish letter doesn't even deserve a response. I am still going to let people know about your lies and your false doctrine concerning the King James Bible.

I talked to you at pastor's school and tried to help you. I called three times and then your secretary gave me your e-mail address. I e-mailed you twice. I called you again and e-mailed you again after I received your letter and your secretary remembered me that I had called. I requested to talk to you again, and nothing. I and others have tried to help you and you refuse to be helped.

At first when you made your response about the KJB, people were shocked. After you continued to make those and more statements, people were upset. Since the "summit" and you exposing your arrogance and ignorance, people are just laughing at you.

It saddens me to do this, but I must denounce you as a heretic and a liar. It is amazing and appalling how easy it is for you to lie about so many things and how "deliberately ignorant" you are about this issue. It is sad what you have done to the church and college that God used Bro. Hyles to build. You have hurt those ministries so much and you have also hurt so many good people.

Rom 16:17-18 Now I beseech you, brethren, mark them which cause divisions and offences contrary to the doctrine which ye have learned; and avoid them. For they that are such serve not our Lord Jesus Christ, but their own belly; and by good words and fair speeches deceive the hearts of the simple.

Regretfully,

Dave Baker
Pastor
